Honors and Awards

Best paper award at the Transportation Research Forum annual meetings in 1995, 2000, 2004, 2006 and 2016.

Victor Olivera Educator Award for outstanding effort to help promote railroad safety awarded by the DuPage Railroad Safety Council, October 2012.

Best academic paper award at the 2014 Global Level Crossing and Trespass Prevention Symposium.

Herbert O. Whitten Service Award for contributions and having played an important role in the history of the Transportation Research Forum, March 2015.

Grants

Infrastructure Vision 2050 Research and Perspectives, Association of Equipment Manufacturers, 2015 (Senior Personnel)

The economics of traffic congestion, Searle Foundation, 2012-14 (faculty host of post-doctoral fellow Jonathan Hall)

The economics of safety regulation, U.S. Department of Transportation, 1997-99

Cost-benefit analysis of transit subsidies, U.S. Department of Transportation, 1996-98

Scale economies in rail transit systems, U.S. Department of Transportation, 1994-97

Economics of motor carrier safety, U.S. Department of Transportation, 1989-95

Economics of non-destructive testing of airframes, U.S. Federal Aviation Administration, 1991-93

Psychological features affecting valuation of life, Northwestern University, 1991

Attitude of commercial airline pilots to safety related job risks, Air Line Pilots Association, 1987-88

Transportation deregulation and safety conference, U.S. Department of Transportation and industry sources, 1986-88

Teaching and Advising

Graduate transportation project evaluation and transportation policy.

Undergraduate statistics, intermediate microeconomics, industrial organization, transportation economics, transportation project evaluation, and urban transportation.

Executive education courses in transportation economics.

Thesis advisor for Robert Dannatt *Role and effectiveness of government regulation of air transport regulation* (DBA, University of Western Australia, 2002).

Thesis committee member for Hooram Halat *Integrating Activity Scheduling and Travel Choices in a Dynamic Network Equilibrium Framework: Concepts, Algorithms and Application* (PhD, Northwestern University, 2016).

Thesis committee member for Samantha Chadwick *Quantitative Analyses Of Train Derailments due to Highway-Rail Grade Crossing Incidents* (PhD, University of Illinois at Urbana-Champaign, expected 2017).

Thesis committee member for Lama Bou Mjahed *Toward Sustainable Travel Behavior and Activity Engagement: Connected Users, Technology Engagement and Cohort Effect* (PhD, Northwestern University, 2017).

Professional Activities - Current
